Buell W. Hudson, Publisher
Woonsocket Call
Woonsocket, Rhode Island

Dear Buell:

Your letter of March 26 has been received in this office.

I note the interest of the Woonsocket Public Health Nursing Association in programs of mental health research and shall be glad to do anything I can to obtain the information you are seeking. I am taking the matter up with officials of the National Institutes of Health and just as soon as I have a report from them, you will be so advised.

With kindest regards, I am

Sincerely yours,

John E. Fogarty, M.C.
